Praxis Review Course for Speech Language Pathologists

This is an intensive and dynamic six-week preparation course given to help prepare bilingual and monolingual candidates for the Praxis Examination in Speech-Language Pathology for the state of New York and ASHA certification. The Praxis review course focuses on content information and its application to client/student cases suitable for the testing demands. Each session combines the following: 1) test-taking strategies, 2) test format and protocol, 3) studying tips, 4) short and in-depth practice tests, and 5) case studies and their application for case management.

All areas of the field of Speech-Language Pathology will be addressed through PowerPoints, Case Studies, and multiple-choice testing sessions.

Sessions will be offered weekly on both Saturdays and Sundays to accommodate participants’ schedules.

Note: All participants must purchase the Advanced Praxis Review book, 4th ed.
